Custom Fitting

Here at The Professional Shop at Chobham Golf Club we stock a wide range of clubs including Ping and Callaway. All these clubs will have demo models which are available for you to try both on and off the course.

We pride ourselves on being able to offer an extensive custom fitting service. Every aspect of your game will be discussed and an in-depth fitting session will ensure you find the perfect club for you.

We also offer custom fitting of your existing clubs to check that they are suitable for your game. Please contact us to arrange an appointment to have a fitting and for us to make any adjustments as necessary.

We look forward to helping you to improve your game.

Winter 2011/12 Special Offer

6 Video Lessons for just £175!
